ARIES MOON

Fire · Cardinal · Ruled by Mars

YOUR MONEY PERSONALITY

You make money decisions fast — sometimes too fast. You're the person who sees an opportunity and moves before anyone else has finished reading the fine print. Your financial energy is entrepreneurial, impulsive, and fiercely independent.

YOUR FINANCIAL STRENGTH

You take action when others hesitate. Your willingness to start is your greatest financial asset.

YOUR FINANCIAL BLIND SPOT

Impulse purchases and starting new financial plans before finishing old ones.

YOUR MOON-ALIGNED MONEY MOVE

Set a 24-hour rule: before any purchase over \$100, wait one full day. Aries energy respects a challenge — make patience the challenge.

TAURUS MOON

Earth · Fixed · Ruled by Venus

YOUR MONEY PERSONALITY

You were born understanding that money is meant to build something that lasts. You're the slow, steady accumulator — not flashy, but your account quietly grows while others chase the next shiny thing. You feel money in your body.

YOUR FINANCIAL STRENGTH

Patience and consistency. You understand compound growth instinctively.

YOUR FINANCIAL BLIND SPOT

Stubbornness about strategies that no longer work, and comfort spending that creeps up quietly.

YOUR MOON-ALIGNED MONEY MOVE

Automate one investment contribution this week. Taurus thrives on set-it-and-forget-it systems. Let automation do what you do best — build slowly.

GEMINI MOON

Air · Mutable · Ruled by Mercury

YOUR MONEY PERSONALITY

Your financial mind is fast, curious, and easily bored. You've probably read more about investing than most advisors, but you struggle to pick one strategy and stick with it. You're the person with accounts at four different banks.

YOUR FINANCIAL STRENGTH

Financial literacy. You research and understand complex products better than most.

YOUR FINANCIAL BLIND SPOT

Shiny object syndrome. New strategy every month means none of them compound.

YOUR MOON-ALIGNED MONEY MOVE

Pick one financial goal and write it on a sticky note where you'll see it daily. Gemini needs a visual anchor to stay focused.

CANCER MOON

Water · Cardinal · Ruled by the Moon

YOUR MONEY PERSONALITY

Money means safety to you. Not luxury, not status — safety. Your relationship with money is deeply emotional, and your spending follows your moods more than your budget. Generous to a fault with those you love.

YOUR FINANCIAL STRENGTH

Saving instinct. You naturally build emergency funds without being told to.

YOUR FINANCIAL BLIND SPOT

Emotional spending: retail therapy when sad, over-giving when guilty, hoarding when anxious.

YOUR MOON-ALIGNED MONEY MOVE

Before any unplanned purchase, ask: am I buying this because I need it, or because I'm feeling something? Name the feeling first.

LEO MOON

Fire · Fixed · Ruled by the Sun

YOUR MONEY PERSONALITY

You believe money should be enjoyed, not just managed. You're generous, sometimes extravagantly so, with a talent for making money feel celebratory. The danger is that your spending can be performative.

YOUR FINANCIAL STRENGTH

Confidence with money. You negotiate, ask for raises, and invest boldly.

YOUR FINANCIAL BLIND SPOT

Lifestyle inflation and spending to maintain an image you can't quite afford.

YOUR MOON-ALIGNED MONEY MOVE

Redirect your generosity inward this week. Put what you'd spend on someone else into your own savings. You deserve the gift too.

VIRGO MOON

Earth · Mutable · Ruled by Mercury

YOUR MONEY PERSONALITY

You are the natural financial planner of the zodiac. Spreadsheets bring you peace. You track every dollar and feel genuine anxiety when the budget is off by \$3.47. Methodical, careful, sometimes too tight.

YOUR FINANCIAL STRENGTH

Precision and organization. Your budget actually works because you actually follow it.

YOUR FINANCIAL BLIND SPOT

Financial anxiety even when you're doing well. Penny-wise, pound-foolish.

YOUR MOON-ALIGNED MONEY MOVE

Add a guilt-free spending category to your budget. Seriously. Virgo Moon needs permission to enjoy money, not just manage it.

LIBRA MOON

Air • Cardinal • Ruled by Venus

YOUR MONEY PERSONALITY

You want money to be fair, beautiful, and harmonious — which means you struggle with financial decisions that feel uncomfortable or confrontational. You're the person who splits the bill evenly even when you ordered a salad.

YOUR FINANCIAL STRENGTH

Financial diplomacy. Excellent at negotiation and building win-win arrangements.

YOUR FINANCIAL BLIND SPOT

Avoiding financial conflict. You won't have the hard money conversation.

YOUR MOON-ALIGNED MONEY MOVE

Have one honest money conversation you've been avoiding. Libra's scales only balance when both sides are visible.

SCORPIO MOON

Water · Fixed · Ruled by Pluto

YOUR MONEY PERSONALITY

You understand money at a level most people never reach. You see the power dynamics, the hidden costs, the real price of things. Intensely private about finances — nobody knows what you have. All in or completely out.

YOUR FINANCIAL STRENGTH

Strategic depth. You understand debt, leverage, and compound interest like a chess player.

YOUR FINANCIAL BLIND SPOT

Control and secrecy. Financial privacy can become financial isolation.

YOUR MOON-ALIGNED MONEY MOVE

Share one financial goal with someone you trust. Scorpio Moon builds power in secrecy, but wealth grows faster with accountability.

SAGITTARIUS MOON

Fire · Mutable · Ruled by Jupiter

YOUR MONEY PERSONALITY

Money is freedom to you — not security, not status, but the ability to go, do, experience. You're optimistic about finances to the point of recklessness. You spend on experiences and travel before stability.

YOUR FINANCIAL STRENGTH

Abundance mindset. You believe there's always more coming, and that often attracts exactly that.

YOUR FINANCIAL BLIND SPOT

Overextending. You book the trip before checking the balance.

YOUR MOON-ALIGNED MONEY MOVE

Set up a dedicated travel and experience fund. Sagittarius needs to spend on freedom — from a designated fund, not the rent money.

CAPRICORN MOON

Earth · Cardinal · Ruled by Saturn

YOUR MONEY PERSONALITY

You were born with a retirement plan. Your relationship with money is serious and long-term. You understand wealth is built over decades, not days, and you delay gratification in ways that make others uncomfortable.

YOUR FINANCIAL STRENGTH

Discipline and long-term vision. The tortoise who always beats the hare.

YOUR FINANCIAL BLIND SPOT

Tying emotional wellbeing to financial performance. A market dip feels like personal failure.

YOUR MOON-ALIGNED MONEY MOVE

*Write down three things you're proud of that have nothing to do with money.
Capricorn Moon needs to decouple self-worth from net worth.*

AQUARIUS MOON

Air · Fixed · Ruled by Uranus

YOUR MONEY PERSONALITY

You think about money differently than everyone around you, and you're fine with that. Drawn to unconventional strategies — crypto before anyone knew, cooperative economics, refusing systems you find unjust.

YOUR FINANCIAL STRENGTH

Innovation. You spot financial trends years before they go mainstream.

YOUR FINANCIAL BLIND SPOT

Contrarianism for its own sake. Sometimes the conventional strategy works because it works.

YOUR MOON-ALIGNED MONEY MOVE

Make sure your rebellion is serving you, not just opposing the mainstream. Fund the boring account alongside the revolutionary one.

PISCES MOON

Water · Mutable · Ruled by Neptune

YOUR MONEY PERSONALITY

Money feels almost spiritual to you — or it feels like a burden pulling you from what matters. The most generous moon sign, often to your own detriment. You absorb others' financial stress empathically.

YOUR FINANCIAL STRENGTH

Intuition. Your gut feelings about financial decisions are surprisingly accurate.

YOUR FINANCIAL BLIND SPOT

Avoidance. You'd rather not look at the balance, not open the bill. Financial fog is comfort.

YOUR MOON-ALIGNED MONEY MOVE

Look at your bank balance right now. Just look. Don't judge it, don't fix it. Pisces Moon heals by being present with the truth.
